

Jackie is elated to have made friends on the first day!

As time goes on though Jackie realizes that the cool kids are really mean even to each other and they aren't really even good friends. They just make everyone around them feel bad including Jackie.

Jackie is sad that she choose poorly and has such lousy friends. She wishes she could make a **different choice**.

SO COOL!!!

COOL

SO COOL!!!

Oh no, What's Going On?!?!

The cool kids are ganging up
on the quiet kid in class. They
are making fun of him in front
of everyone.

Make Fun of
Quiet Kid

Don't do
Anything

Jackie tries to talk to the cool kids after they have finished making fun of the quiet kid. The cool kids just laugh at her and make fun of her even worse than they did with the quiet kid.

The other kids see this and don't want anything to do with her. Jackie is so embarrassed and wishes she had never spoken to the cool kids.
